

**The
CONNECTICUT ELECTRIC RAILWAY
Association, Inc.**

Warehouse Point, Conn.

NOTICE TO MEMBERS

HELP WANTED—

We need 10 to 15 men to work on the tracks, SUNDAY, OCT. 27 and SUNDAY, NOV. 12. Apply anytime after 10 a. m. (Smaller crews needed other Sundays in November). Some 12 tons of rail is now in our stockpile. There are 600 ft. of main line track and 200 ft. of siding to be built. Much grading work remains to be done before frost sets in. We have a handcar for moving ties and a rail dolly for moving rail lengths. Track building is fun. Come out and give a hand.

MONEY NEEDED—

Each member should have some investment in the railway and own at least one RAIL BOND. They are currently being offered at half price—\$15 for a 30-ft. rail. As little as \$1 at a time will help the railway, and at the same time build up your RAIL BOND investment. Why not pay in at least \$1 on your next visit; or mail it in to the Association?

MEETING OF DIRECTORS—

The Directors will hold the final meeting of 1950 on Sunday, Nov. 12, at 2 p. m., North Road Station. The year's activities will be reviewed and plans presented for 1951. All members welcome to attend and be heard.

Dear CERA Member:

64

This month we plan to rebuild the section of mainline switch from Hartman turnout to Woods Barn turnout. We will start by removing rail next Sun. May 10 at 5-6 p.m. On Monday the old grade will be bulldozed and a new grade established. On Wed. eve. May 13 we will place new ties on the new grade and on Sat. May 16 starting at 9 a.m. we will rerail the section. If this is to be accomplished without disrupting our Sunday operation, we must have your help; please try to join us on at least one of these days.

In addition, on Friday night May 22 we will have a planning committee meeting at Kerwin Schmeiske's home in Rockville to discuss car agreements; all interested parties are invited.

Roger K. Steele, Sec.

We thank Karl Stieg for making this material available for our 75th Anniversary Celebration
